Empowering Definitive Diagnosis

Acclarix™ LX9

Diagnostic Ultrasound System

EDAN

Elegant Fusion of Specialty and Flexibility

When referring to performance, renovation and multiformity - there is one ultrasound system that delivers more. Developed specifically to address the challenges of complex ultrasound environments, the Acclarix™ LX9 Diagnostic Ultrasound System aims to provide precise diagnosis in versatile clinic application with uncompromising image quality , brilliant workflow and user-friendly operation.

- 21.5 inch high resolution LCD medical monitor
- 14 inch sensitive touch screen releasing efficient operation at fingertip
- Integrated user interface with 180° rotation and electronic height adjustment
- Extra-long continuous scanning time owing to two built-in batteries

Stunning Clarity

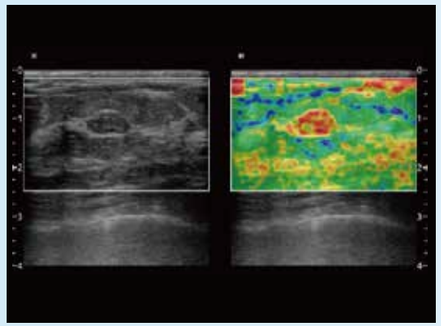

Definitive image quality

As the most high-end level system from Edan , Acclarix LX9 offering stunning image quality and reliable functional workflow to satisfy GI doctors' need on daily scanning and diagnosis, which can be installed in any departments you want for sonography.

- High fidelity, high-channel count architecture results in superb detail resolution, particularly at depth
- Tissue Adaptive Imaging (TAI) continuously and automatically optimizes imaging allowing more focus on the patient
  - In B-mode, TAI fine tunes multiple parameters to provide the best possible image quality
  - In Doppler, TAI automatically adjusts for flow state providing improved continuity, border detection and fill-in

Fetus (eLive)

LinSync Smart Solution

The Acclarix LX9 features advanced artificial intelligent technologies , integrated with mighty hardware platform , delivers unexpected value and performance across a broad range of applications:

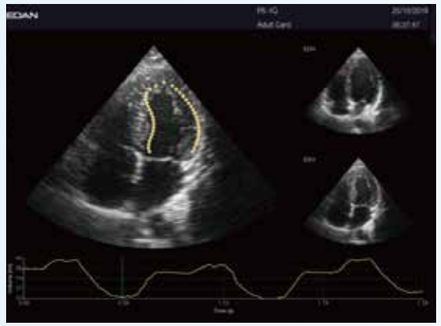

OB & GYN
- eHIP
- eOB+
- eAssist(OB)
- ePelvic
- eFollicle

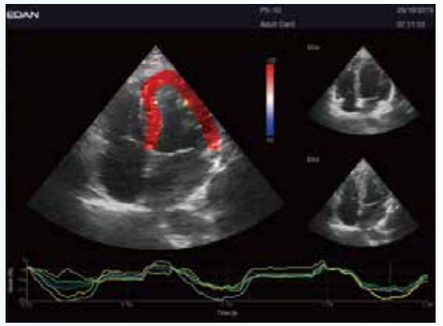

Radiology
- eVol.flow
- Live VF

Cardiology
- Auto EF
- Auto Strain
- Auto WMSI

Link to your heart, Sync with your mind; EDAN LinSync serve you all around.

eLV
Auto EF

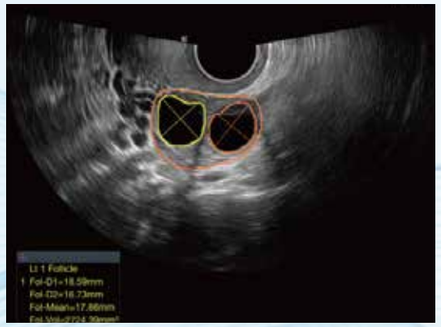

eLV
Auto SG & Strain
